

Hi, Here are a couple of activities you can do for an at home Sunday school! We are still looking at the events leading up to Easter. This week we're learning about the last supper!

<p>Activity 1: picnic</p>	<p>Set up a picnic blanket on the floor with some food and drink to create the last meal Jesus had with his disciples.</p> <p>Here are some questions to ask to get the kids thinking about what The Last Supper meant:</p> <p>Do you remember what you had for dinner last night? What was it? Do you know what another word for dinner is? (Supper) if they don't. What other things do we do at dinner apart from eating? (Talking about our day etc.) What things do we talk about? ( about us, family, friends, remembering people , events etc)</p> <p>We are going to learn about the last dinner or supper Jesus had with his disciples who were his special followers.</p> <p>Here are some things you can chat about the last supper with the kids:</p> <p>Jesus had his last dinner on earth with his disciples cause he loved them very much. Jesus loves us very much too. We also remember and think about people we love. Jesus asked the disciples at the last supper to remember him and he used a very special way to help them.</p> <p>What ways do we use to remember people we love? (Pictures,videos,letters,drawings, special things like gifts etc..)</p> <p>Jesus gave them a special picture to remember him with!</p> <p>He didn't take a picture with a phone or draw on a piece of paper, he gave the disciples a special picture made up of bread and wine!</p> <p>The special supper of bread and wine Jesus had with his disciples was to make a picture to help them (and us) remember the amazing thing Jesus did for us on the cross at Easter!</p> <p>Prayer to finish up with:</p> <p>Dear God,</p> <p>Thank you for sending Jesus! Thanks for giving us a picture to help us remember Him! Thank you for loving us! We love You back!</p>
---------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

	Amen.
activity 2: musical freeze.	<p>to help the wiggles! Play a game of musical freeze.</p> <p>Have someone play the music and dance to it. Keep stopping the music unexpectedly. Anyone who moves after the music stops is now out. They will rejoin the game by switching with the next person who gets out.</p> <p>Here is some music to dance to: it's the song we are singing about Easter.</p> <p><a href="https://www.youtube.com/watch?v=TclGT1utHhE">https://www.youtube.com/watch?v=TclGT1utHhE</a></p>
