

Sunday School at Home - 23rd August 2020

Watch and sing along to the song: [Creation Song](#)

Here is a video you can watch with your child about how God created the world: [Creation](#)

Verse discovery: In the beginning God created the heavens and the earth. (Genesis 1:1)

Lesson focus: Today, we are going to start from the very beginning; the beginning of creation that is. You may like to read the story of God's creation with your child. Read Genesis 1:1-2:3. As you read, you can let your child play with modeling clay and ask them to create their favourite animal. Explain that God created the earth, the sky and outer space. God loves us so much that He created this beautiful world for us to live in.

Additional activities

1. Creation Craft: To make this craft simply cut out the number circle page and the days of creation cover circle. Use scissors to cut out the little slice from the cover so you can see the seven days of the creation as you spin it around. Your child may color the pictures. Finally, stack the cover on top of the numbers circle and attach with a brad in the middle so the two pages are connected and will spin independently. This way kids can practice and learn what happened on each day of creation from Genesis. [Click here for template.](#)

2. God the Creator Puzzle: [Click here for template.](#) We recommend printing this on card stock.

3. 8 Simple Creation Crafts: [Click here for instructions to make a Creation Book with your child](#) (you may choose to do each page in the book over the course of a week).

4. Days of Creation: [Click here for instructions.](#)

5. Printables: [Click here for a Days of Creation colouring page.](#) [Click here for the Creation of Man colouring pages.](#) [Click here for a God the Creator colour by number.](#)

Thank you and we hope you have a great week!
