Watch and sing along to the song: [My God is so Big](#)

Here is a video you can watch with your child about the story of Abraham: [The Promise of God to Abraham](#)

**Verse discovery:** He keeps his promises. Joel 2:13

The Lord spoke to Abraham and told him to move from his homeland to a new land. God promised to make of him a great nation. Abraham trusted God, journeyed to Palestine, and God blessed him. God intended to use Abraham and his descendants to bless all the nations of the world. And God did, indeed, use the Hebrew people to accomplish His purposes. These activities for kids highlight Abraham's moving out in faith, as well as the guidance that God provided. Read the story of Abraham with your child in Genesis 12 & 15.

## Additional activities

**1. Abraham Star Craft:** This is a fun, easy to make star craft. Print the star template on cardstock. Cut it out and then wrap yarn around and around the star shape to make a pretty window or tree ornament. [Click here for star template.](#)

**2. Compass Craft:** This simple compass craft will help children learn about Abraham's faith and obedience to God's call and remind kids that God is our guide no matter where we may be. [Click here for instructions and template.](#)

**3. Star Memory Game:** Cut out star shapes and write the memory verse "He keeps his promises." Joel 2:13 on the stars using one word per star. There will be five stars per child. Spread out the stars on the floor. Have your children sit on the floor around the stars. Take turns letting each child pick a star. They must pick up the stars in order starting with "He". If a child doesn't pick up "He" the first time, they turn the star back over and try again the next time. Once they pick up the word "He", they will then try to

find the word "keeps" and so on. The child that picks up all the stars in order first wins. You can then have your child glue the stars onto a strip of paper to decorate their room.
