

Transferring funds from an ABA Bank account to the ICF Phillip Bank account using the ABA Mobile App.

If you have an ABA Bank account you now have the option of giving your offerings directly to ICF using the latest ABA mobile app. The app now has an option under the 'transfers' tab to transfer to an account at another 'local bank'.

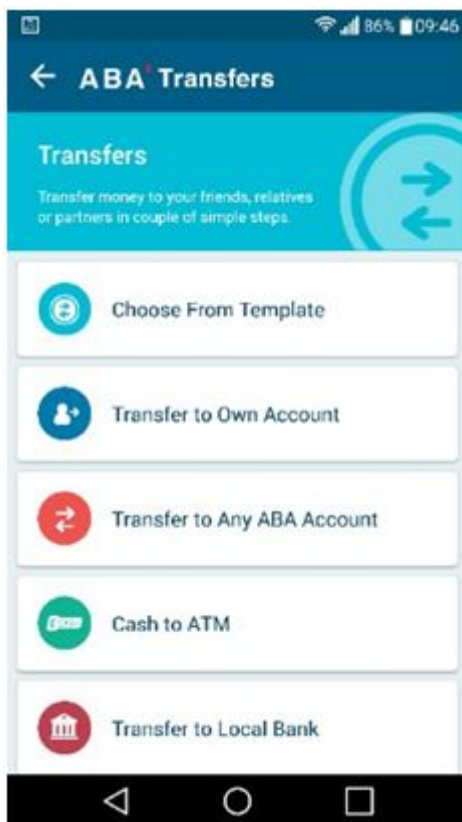

If you can't see the 'Transfer to Local Bank' option under the transfers section of your app you may need to go to the Apple App Store or Google's PlayStore to update to the latest version of the app.

The limitation is that the minimum transfer is \$100. There is also a \$3 fee per transaction.
